Literature list: Kenya transport

Johan Woxenius¹

Department of Business Administration, School of Business, Economics and Law at University of Gothenburg, Box 610, SE-405 30 Gothenburg, Sweden

Introduction

These references have been collected in a literature review when working in Nairobi. It is generated as part of several different research projects, hence some disparity between the references.
I have most of the references as pdfs so you can contact me if there are certain references you want.
I also have them as EndNote references that I can send to avoid double work.

Johan
